# HAPPILY NEVER AFTER

Stories are all about solving problems. That's why most of them have happy endings. The problem is solved and they live happily ever after. Let's have some fun and see what happens when things go wrong!

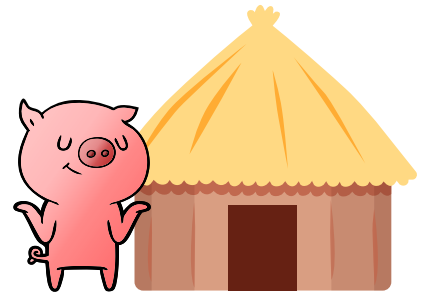

## Three Little Pigs

1

Three little pigs set out to build a house. The first one built it out of straw, but the big bad wolf blew it down,

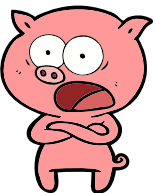

2

The second pig built one out of sticks, but the big bad wolf blew it down, too.

3

Think of a new ending for the story! What could the pig make his house out of? Draw a picture and write a new ending.
