FILL THE BUBBLES WITH STORY INGREDIENTS!

In each bubble, add something that you think would make a story exciting. You can draw characters, settings, magical objects, or anything that sparks your imagination. Once your bubbles are filled, look at all your ingredients! Now, mix them together to start writing a story on a separate sheet of paper.

The worksheet contains six large, empty circles arranged in a ring around a central illustration. Each circle is connected to the center by a line. The central illustration depicts three whimsical characters: a jar labeled 'IMAGINATION', a character holding a test tube labeled 'ACTION', and a character holding a flask labeled 'WHIMSY'.
